Annual Re-Assessment

Type 1 (Common Parts Only - Non Destructive)

Ian Potter FIFireE

Date of Fire Risk Assessment

Date of Next Fire Risk Assessment

FRA Frequency (Months)

Purpose of Fire Risk Assessment

Type of Fire Risk Assessment

Fire & Safety Assessor

It is sensible to have arrangements in place to ensure the consistency of Fire Risk Assessments in terms of the assessment of risk and mitigations proposed. In this regard Accent peer validate around 20% of reports, which are available within our audit system.

#### The Scheme

Scheme Name St Andrews Court

Scheme Address St. Andrews Court Kay Street, Accrington

Postcode BB5 3LW

Region North West

Scheme Manager Leigh Woolliscroft

Scheme Tel. No N/A
Scheme Inspection Completed Yes

Enforcing Fire Authority Lancashire

Other staff in attendance Scheme Manager

Number of on-site Accent staff Scheme Manager Weekdays

Number of other (non-Accent) staff

Contract Cleaners in common areas

### The Building

Accommodation Type CAT2 Housing for Older People (S28)

Build Date Jan 1 1986

Number Of Homes 35

Homes breakdown Flat

External wall construction Facing Brick

External wall finish Facing Brick

Hosereel(s) present No

Automatic Opening Vent(s) present No

#### **Electrical Sources of Ignition**

Electrical installation within common areas in good condition and no

obvious damage?

Comment No obvious damage seen at time of inspection

Yes

Yes

Valid Electrical Installation Condition Reports held on file? (Common

Areas & General Needs Flats)

Comment Valid until September 2025

Electrical App/PA Testing - tested within past 12 months?

Yes

Comment Completed 27th June 2023

Absence of trailing leads and adapters?

Comment No seen at time of inspection

Evidence that mobility scooters are not being stored/charged in Yes

common areas?

Comment Dedicated scooter store. None seen in communal

areas at time of inspection

Is there a purpose built mobility scooter store/charging area? Yes

Page 5 of 15

Generated 13/05/2024 16:00:50

Comment 10 Bay store away from building

Does the building have a lightning protection system?

Comment Not required due to building height

**Gas installations** 

Is there a commercial/domestic gas supply to the scheme?

Yes

Comment Gas boilers

Valid LGSR held on file for fixed communal area gas appliances? Yes

(Boilers)

Comment Both boilers tested 8th September 23

Valid LGSR held on file for residential flats that contains gas

appliances?

Comment No gas supply to flats

Are smoke/heat detectors within General Needs flats subject to an N/A

annual inspection and the results

Comment ILS

Other Sources of Ignition

Is there a no smoking policy in place, which is enforced and adhered Yes

to?

Comment No smoking in communal areas. Signage in place

Adequate security against arson? Yes

Comment CCTV and door entry system

Are refuse/recycling bin areas managed and suitably located? Yes

Comment All neat and tidy at time of inspection

Are there communal cooking facilities at this scheme?

Comment Cooker not used. Kettle and microwave

Are reasonable measures taken to prevent fires as a result of cooking?

Comment Only used for drinks and warming food

Where there is extraction in communal kitchens, are filters and N/A

ductwork changed/cleaned regularly?

Comment Vent axia only

Housekeeping

Are all electrical/intake/service cupboards secure and free from general

waste, contractors waste and and residents personal items?

No

St. Andrews Court Kay Street, Accrington Asset ID: 9054

Comment Items found in 2 service cupboards- see

> observations. Some service cupboards unlocked at time of inspection. All locked by Assessor at time of

inspection

No

Yes

Yes

Are unnecessary accumulations of combustible materials or waste

avoided?

Comment Some rubbish stored in lift motor ante room

Are combustible materials and substances separated from ignition

sources and stored appropriately?

None seen at time of inspection Comment

Furniture/furnishings in good condition, fire retardant/resistant and

comply with modern standards and regulations?

Comment Checked

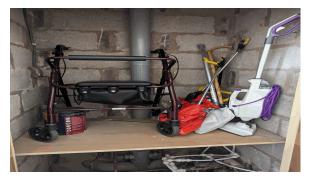

Observation **Priority** Referred To Required By: Task ID Internal - Medium Independent Living 31/05/2024 1815309

Personal Items were found stored in the following areas

1. Service cupboard nr Flat 33

2. Service cupboard around the corner from Flat 34

Scheme Manager to arrange removal

### Other Significant Fire Hazards

Are all other significant fire hazards adequately controlled?

Yes

Comment

None seen

### Means of Escape from Fire

Is it considered that the building is provided with reasonable means of escape in case of fire?

Comment

Escape routes unobstructed and safe to use?

Exits immediately openable without a key and/or failsafe's function

correctly?
Comment

Comment

Reasonable distances of travel where there is a single/alternative

direction of travel?

Comment

Escape routes lead to final exits and open in direction of escape where

necessary?

Comment

Yes

All fire doors were inspected 12 months ago as part of the Fire Door inspection programme. Many fire doors were identified for repair or replacement. Doors have been measured by Contractor and will be replaced shortly. Assessor will chase up with planned maintenance team

Jiaiiiioa iiiaiiii

All checked and clear at time of inspection

Yes

Yes

All checked at time of inspection

Yes

2 corridors at 1st and 2nd floor levels have dead ends. Flats in these areas have short travel

distances to main staircase

Yes

All checked

# Fire Spread and Development

Is it considered that the compartmentation is of a reasonable standard?

Comment

Is there reasonable limitation of surface finishes that might promote fire

spread (walls, floors, ceilings)?

Comment

Are fire dampers/shutters provided in ducts/refuse chutes to protect means of escape against fire, smoke and combustion products?

Comment

As far as can be reasonably ascertained, is the compartmentation

within roof spaces of a satisfactory standard?

Comment

Loft hatches fire resisting?

Comment

Yes

Checked where able in communal areas. Unable to check roof spaces which are accessed from loft hatches in flats

Yes

Painted walls

N/A

None fitted

Yes

Unable access roof spaces above flats.All loft hatches opened where accessible and immediate

area checked by torchlight

Yes

As far as can be reasonably ascertained, is the fire stopping above cross corridor fire doors within suspended ceiling void of a satisfactory standard?

Yes

Do external walls, doors, windows and anything attached to the

exterior, limit fire spread?

Yes

False ceiling panels lifted to check

Comment

Comment

If Smoke Control Systems (AOV's) are fitted, are the records of annual

testing available?

N/A

Comment None fitted

Are roller shutter doors that are required to be FR, fire resisting and

self-closing?

N/A

Comment None fitted

### **Emergency Escape Lighting**

Is the emergency lighting correctly specified and installed as per

current standards?

Yes

Comment

Emergency lighting units in good condition and securely fixed to

walls/ceilings?

Yes

Comment

Records of monthly/annual testing available?

Yes

Comment Annual drop test last inspection 10th May 23. Test

due

Monthly test by Scheme Manager 8th May 24 no

issues reported

#### Fire Safety Signs and Notices

Are the correct Fire Action/Advice notices displayed in prominent

locations within the common areas?

Yes

Comment All replaced last year

Directional fire escape signage in place and adequate?

Comment Checked

Is there suitable LIFT signage i.e. do not use in case of fire?

Yes

Comment Checked

Do common area fire doors display the correct signage on both sides

where applicable?

Yes

Comment Checked

# Means of giving Warning in case of Fire

Is the scheme fitted with a communal area fire alarm?

Yes

Comment

Is fire detection and warning system appropriate for occupancy and fire

risk, as per BS 5839-1:2017?

Comment

Is the fire detection and warning system maintained/tested and all

certificates saved on file?

Comment Tested on 1st December 23

Fire alarm components in good condition and securely fixed to

walls/ceilings?

Comment No damage seen at time of inspection

Hold open devices operate at the sounding of the alarm and are in a

serviceable condition?

Comment All manually tested. Scheme Manager has records

of weekly tests

Yes

Yes

Yes

Yes

Yes

Yes

Yes

Are there heat detectors located in the Kitchen, Boiler, Plant Room and

Laundry?

months?

Comment All seen

Is the fire alarm panel remotely monitored, and if so are there records of

regular testing?

Comment Monitored by Warden Call - Astraline

Fire Extinguishing Equipment

Is fire extinguishing equipment and/or fixed fire fighting installations

provided at this scheme?

Comment Extinguishers only in high risk areas

Portable fire extinguishers - appropriate type/number/position? Yes

Comment Appropriate type for individual room risk

Correct signage displayed by each fire extinguisher?

Comment Checked

Fire blanket in communal kitchen, secured to the wall, complete with

signage?

Comment Checked

Dry risers - Inlet/outlet boxes secured and/or securing straps fitted to outlet valves?

Comment None fitted

Records available of fire fighting equipment servicing within past 12

Comment Tested May 2025

#### Management of Fire Safety

Are these premises regulated by the Building Safety Regulator under

the Building Safety Act?

Comment

Comment

Will this FRA be shared will all Accountable Persons for the premises?

·

How will this sharing be achieved?

Are there other Responsible Persons who share or have fire safety

duties in respect of the premises?

How will this sharing be achieved?

Is an office or IL scheme being inspected?

Comment

IL Schemes & Regional Offices - Are there sufficient numbers of

qualified Fire wardens?

Comment

Offices - Are there suitable arrangements for ensuring the premises are

evacuated?

Comment

Offices - Are there suitable arrangements for evacuating disabled

people?

Comment

Offices - Suitable arrangements for meeting the fire service on arrival

and proving relevant information?

Comment

Offices/IL Schemes - Is there a suitable assembly point?

Comment

Offices - Are fire drills carried out at appropriate intervals?

Comment

Yes

Yes

FRA and findings available for all on Accent M Files

See above

No

Yes

ILS

Yes

All staff complete fire safety training via e-learning

N/A

N/A

Yes

N/A

Front car park

.

### Passenger Lift

Is the scheme fitted with a passenger lift?

Comment One only

Is the lift in full working order at the time of the FRA?

Yes

Comment Checked

Is the lift fitted with a firefighters switch?

Comment

Servicing and insurance inspection - Evidence of regular

servicing/maintenance?

Yes

Comment Last tested 8th Feb 24

**Premises Inspection Box** 

Is there a premises information box for fire & rescue service use?

Comment Emergency resident information available to Fire

Service in Warden call controlled wall safe in foyer

**Evacuation Policy** 

Are there suitable arrangements for summoning the fire service?

Comment Warden call and 999

Taking FRA findings, is the evacuation policy appropriate for the Yes

scheme as per latest guidance?

Comment Stay put

**Engagement with Residents** 

Has information of fire procedures been disseminated to residents?

Yes

Comment Annually by letter and regularly by Scheme Manager

or Fire Service visit

Is general fire safety information disseminated to residents?

Comment See above

FRA Frequency

Taking the findings of this assessment into account, is the frequency of

the FRA correct?

Comment

Yes

**Miscellaneous** 

Are there any other observations/actions to raise that are not covered

above.

Are there fire related remedial works required at this property, that will

affect the fabric of the building?

Comment

Were there any unsatisfactory aspects of the Fire Risk Assessment?

(Visible on Building Safety Report).

Some fire doors did not fully close so works orders have been raised

with our contractors.

Yes

No

No

No

MIS-AMS ActiveH - Fire Risk Assessment Report

Page 12 of 15

Generated 13/05/2024 16:00:50

Some minor works were required which have been raised with our contractors.	res
Unauthorised items were found in communal areas and arrangements were made for their removal.	Yes
Not all records were up to date, as noted in the table below.  Arrangements have been made for these to be completed.	No
A number of fire doors were found to be wedged or propped open. Fire doors are there to keep you safe and me kept shut at all times.	No

#### **Risk Calculator - Fire**

The following risk estimator is based on the general health and safety risk level estimator contained within BS 8800: 1996. Guide to occupational health and safety management systems.

systems.		•			
_	•	evention measures ob t the hazard from the			at this
LOW	X	MEDIUM		HIGH	
any procedural	arrangements ob	e of the building, the observed at the time of ne event of a fire would	the assessme	•	
MINOR		MAJOR		CRITICAL	

The definition of the above terms is as follows: FRA Review Frequency

MINOR	Outbreak of fire is unlikely to result in serious injury or death of any occupant (other than the occupant sleeping in a bedroom in which a fire occurs).
MAJOR	An outbreak of fire could result in injury of one or more occupants, but is unlikely to lead to fatalities.
CRITICAL	There is significant potential for serious injury or death of one or more occupants.

3. The above estimates are then read into the following matrix table to give the overall risk level for the site:

Fire Hazard	Minor	Major	Critical
Low	Trival	Tolerable	Moderate
Medium	Tolerable	Moderate	Substantial
High	Moderate	Substantial	Intolerable

When the level of risk is established, the action level can be read from the table below:

Risk Level	Guide to actions and appropriate timescales
Trivial	No action is required
Moderate	Efforts should be made to reduce the risk level and this should be carried out within the specified time periods.
Substantial	Considerable resources may have to be allocated to reduce the risk level. It may be necessary to limit the occupation of some parts until urgent remedial action is taken.
Intolerable	The building (or the relevant area) should not be occupied until the risk is reduced.

The Overall Risk Level for this asset is:	Trivial
